Nichols Bulls are in these A.I. Studs

The Nichols family started in the pure-bred Angus business in 1953 and the Simmental business in 1968.

We've always been the leader in new technology— Performance testing (1956) - Certified Meat Sires (1961) - Expected progeny differences EPDs (1977) - Ultrasound (1989) and DNA profiles (2005).

**dave nichols**

Nichols Bulls remain the best investment in the beef business. They sire soggy heavy calves that top the market, gain in the feedlot, and grade in the packing house. Nichols Bulls also sire durable, docile, problem free daughters that thrive on fescue pastures.

Our customers range from large ranches to family farmers to producers who work in town. We appreciate and service all of them. Join us at the farm for Opening Day of the bull-buying season. Have lunch and get first chance at our yearling bulls that will improve your herd and put money in your pocket.

## 400 Bulls to Pick From

Angus • Simmental • Nichols Composites
